

Marc Zorn

HBO

SPEAKER BIO:

With a career spanning from pre-Internet days, Marc Zorn has been involved with information security as a well-recognized leader in the IT industry. His participation with various consortia has helped to lay the groundwork for international groups such as FIRST and SANS, and establish industry standards including ISO 17799, 27000, MPAA BP, HIPAA, and GIAC.

Marc has held key security positions in the public and private sectors, including the last 15 years in M&E primarily consulting with studios, post-production houses, broadcasters, exhibitors, and the MPAA to address protection of multimedia content. This includes cinematic, episodic, unscripted, live broadcasting, and live events.
